DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-10 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Jenkins et al. (US5399618, US5436292, US5476900, US5561189 or US5629375).

Each of US5399618, US5436292, US5476900, US5561189 or US5629375 have the EXACT same disclosure as the present application and, between the five of them, have the exact same claims.

Thus, the requirements for rejection under 35 U.S.C. 102(b) are fully met.

Although statutory double-patenting rejection could be made with some or all of the 102(b) references, they have not been applied as such since the 102(b) rejections represent a statutory bar.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Jenkins et al. (US5292843) or Shay et al. (US4801671) also teach all the limitations in the present claims, but have not been applied in order to simplify prosecution.
